□ No	
Yes	
Is the client homebound due to a recommendation from a physician, county health nurse or home health agency?	•
□ Na	
☐ No ☐ Yes	

Is the client homebound due to frail health, illness or disability?
□ No
Yes
Is the client homebound due to mental or social limitations?
□ No
Yes

## AGing Needs Evaluation Summary Release Form

I give permission for sharing of information directly related to my health, social, environmental, and economic status with those agencies potentially providing services as necessary for up to one year to assist me in receiving the most appropriate care in the most appropriate environment. I further understand that data gathered as result of these services provided for me may be used in reporting and research. These results will be released to the Wyoming Department of Heath, Aging Division for statistical study, and my confidentially will be maintained.

Refusal of any required information may result in full payment for services.

I understand by signing this form that:

- If I feel I have been wrongly denied program services, or if the information is wrongfully used, I am entitled to a hearing.
- I have the right to inspect my own records, and their validity, amend data or request deletion of relevant individual case components.
- If I feel that services have not been of the quality expected, and/or not provided as stated in the service plan, I can contact the Wyoming Long Term Care Ombudsman at (307) 322-5553 or the Wyoming Department of Health, Aging Division at (800) 442-2766.

Client's Signature:	Date:	
Project Representative:	Date:	

## **Determine Your Nutritional Health**

The SAM's program automatically adds the point values from the Nutrition Questions to determine the when the nutritional risk of the client is "high" and the point value will show on the completed and printed copy. If the score is 6 or more, the program will automatically put "Yes" in the High risk question. However, the numerical values will not print on the non-completed hard copy. The table below is designed to help you determine the client's nutritional risk category (There is no "moderate" in the SAMS program).

Nutritional Risk Score	Nutrition Risk	Action
0-2	Low	Recheck in 6-12 months
3-5	Moderate	Recheck in 3-6 monthsProvide "Eating Well as We Age Brochure" or similar information.
6 or more	High	Provide the client a copy of the checklist for them to take to their health professional. Talk with the client about ways to improve their nutritional status.
